

Dr. Boyan Iliev,

Year of birth 1977

Studies Chemistry at the University of Sofia

2001: MSc, University of Sofia, Medical University Sofia
"Synthesis and Properties of N-substituted 4-Aminocoumarins"

2005: PhD, Zurich University
Group of Prof. Dr. H. Heimgartner
"Cyclic depsipeptides under direct amide cyclization conditions"

2006-2008: Postdoc, Stuttgart University
Group of Prof. Dr. W. Kantelehner

"Synthesis and properties of guanidinium based ionic liquids"

since **12/2008:** IoLiTec - Ionic Liquids Technologies GmbH

Main scientific interests: Synthesis and structure-property relations of ionic liquids.
